**Roy Lechich (leh-kidge):** guitars, violin, backup vocals

On recordings: bass, keys, drums, percussion

Cynthia is the singer-songwriter rhythm guitarist. Roy adds crucial instrumental ingredients. For both recording and playing live, arrangement and production efforts are shared equally. The full palette of sounds found on the recordings is realized live when Dave Doyle adds the bass and melody strings of the Chapman Stick to the mix. Dave is also featured on the songs "Leap" and "Bitter Money" from the CD "Bridge of Love". John Stotler often adds drums and percussion onstage, as well.

The Elsewhere Band keeps a regular round of dates throughout the year at Café 9. WPKN Radio's Walter Wagoner taped and aired the band's Arts & Ideas Festival performance of June 2003 and said, "The compositions are exceptional" and "[they] are one of my own favorites...I thought it was worth playing the whole set...keep your eyes on that group."
